

Dr David Woo

FRANZCO, MMed (Ophth.Sci), MBBS, BSc(Med)
Ophthalmic and Oculoplastics surgeon

Dr David Woo is an Ophthalmic and Oculoplastics surgeon based in Sydney. He completed his specialist training through Sydney Eye Hospital and qualified as a Fellow of the Royal Australian and New Zealand College of Ophthalmologists (FRANZCO). Dr Woo underwent further advanced sub-specialty training in Oculoplastics in the United Kingdom as well as in large Oculoplastics centres in Asia. In addition to completing his medical degree from the University of New South Wales, he has also completed a Master's degree in Ophthalmic sciences (post-graduate) from the Sydney University.

Dr Woo specialises in treating both ophthalmic conditions and aesthetic conditions around the eye. His surgical interests include performing eyelid lifts (blepharoplasty) for saggy eyelids or eyebags, correction of eyelid malposition (droopy eyelids, ectropion and entropion) as well as treatment for various eye conditions including cataracts.

As a current fellow of RANZCO, Dr Woo is focused on delivering excellent patient-centred care. He is also committed to ongoing Ophthalmic clinical research and has actively attended international conferences and published various research papers in peer review journals.

Dr Woo is fluent in both English and Mandarin.
