SEPTEMBER ISSUE THREE

Consumer / Staff

Welcome to Spring.

By Cate Rogers Clinical Service Manager

The Covid 19 lockdown has been difficult for all of Sydneysiders, but we have taken it in our stride and provided ongoing care throughout. We have refined and update our covid plan in line with government regulation. All staff are vaccinated as per NSW health orders.

SHARING INFORMATION DID YOU KNOW:

The eye muscles are the [most active muscles in the body](#) — more active, even than the heart. The eye muscles move about 100,000 times per day, with a lot of these movements happening during the rapid-eye movement (REM) part of sleep
