AUTUMM ISSUE FOUR

Welcome

We welcome, Dr Kumar, Dr Rossiter-Thornton Dr Au and Dr Chan to the Foundation. Dr's Au and Chan have recently completed their fellowship and beginning their private practice. Dr Kumar has over 15 years' experience in ophthalmology. Dr Rossiter - Thornton is joining us from Sutherland eye surgeons. We look forward to working with them.

We recently took ownership of a Zeiss Lumera microscope with Calisto attachment. The Stereo Coaxial Illumination provides better visualisation of anatomical details with a brighter more stable reflex.

In line with Sydney Eye Hospitals policy, patients must have a Rapid Antigen Test undertaken on arrival for surgery. Care givers are permitted onsite with proof of vaccination shown on entrance.

Written by Cate Rogers Clinical Service Manager

Upcoming Meetings

Staff Meeting: May 2022

Medical advisory (MAC): May 2022

SFLF Board: June 2022.

Did you know?

We are a not-for-profit organization. All profits go directly to funding the operation of the Sight Foundation training and research lab where trainee ophthalmologist hone their skills practicing new techniques. The Lab is supported by donations which fund the purchase and maintenance of equipment and consumables and other costs that arise from training the next generation of surgeons. If you would like to donate to the Lab, find the link on sightfoundationtheatre.org.au

2022 Audits.

- Clinical pathway audits 100% compliance
- Medication book audit results – 90% compliance
- Patient post operative follow up 98 % positive feedback.
