

# Sight For Life Foundation Newsletter

Consumer/Staff

Spring Issue 2025

The Sight for Life Foundation acknowledge the Gadigal People of the Eora Nation, the traditional custodians of the land, and pay respects to elders both past present and emerging.

As the end of the year approaches, we can reflect on what has been a year of change for the Sight Foundation.

We have said farewell to long standing staff members but welcomed three new nurses to our teams. Sarah, Carla and Frances have brought with them great experience and freshness.

We also welcomed our Theatre Manager Justine and Quality Manager Bree who bring years of experience and knowledge with them to the role. We welcome Dr Tan, to the Sight Foundation team. We look forward to working with them long term. Clinically, we have been working on new clinical pathway paperwork system which we hope to have up and running by next year.

## Waitlist Reduction April – June 2025

It's truly commendable to see such dedication and collaboration among the staff and doctors in achieving significant results in public waitlist reduction. This accomplishment not only reflects the hard work and commitment of the entire team but also demonstrates a profound impact on patient care and community well-being. This achievement is a testament to the power of teamwork. Congratulations on a job well done!

## Consumer Feedback

If you have any ideas or thoughts on how we can better improve our patient service, we would love to hear from you.
